

**UTokyo Amgen Scholars Program 2026**  
Host Laboratory and Research Topic

<b>Name of Faculty Member (Title)</b>	Yoshiho IKEUCHI (Professor)
<b>Name of Graduate School/ Faculty/ Institute</b>	The Institute of Industrial Science
<b>Research Topic &amp; Description</b>	Engineering neural tissues generated in vitro.
<b>Academic Requirements &amp; Expectations</b>	<b>1) Field(s) of Study</b>
	Molecular and cellular biology, neuroscience, or organic chemistry.
	<b>2) Knowledge/ Skill/ Proficiency</b>
	Basic knowledge in biology is a must.
	<b>3) Academic Background and Research Experience</b>
Basic research experience in any field is appreciated.	
<b>Website &amp; Relevant Information</b>	<a href="http://www.bmce.iis.u-tokyo.ac.jp">http://www.bmce.iis.u-tokyo.ac.jp</a>
<b>Campus / Location</b>	Komaba II
<b>Area of Research</b>	Bioengineering  Chemical and Biomolecular Engineering  Neuroscience
